Before the Renovations

Baby washroom not up to safety standards

Toddler washroom-broken and outdated facilities

Cracked Nursery Washroom Shower

Old and worn out rubber flooring in baby playground

Renovations in the Baby Classroom and Washroom

The recent renovations have greatly upgraded the standard of the baby classroom and baby washroom. As a result of the improvements, the babies now can receive the best care possible.

A new window allows for easy viewing into the washroom. The diaper change area is now located beneath the new window in accordance with regulations. New classroom sinks allow for better hygienic and convenient conditions.

New wall units in the washrooms have created much needed storage space. Baby supplies are now kept in an attractive and well organized manner.

Renovations in the Toddler Class Classroom and Washroom

The recent renovations have greatly upgraded the standard of the toddler classroom and adjoining washroom. As a result of the improvements, toddlers now enjoy modern and safer conditions.

A new window allows for easy viewing and supervision of toddlers in the washroom. 2 new classroom sinks, allow for better hygienic and convenient conditions. Staff and children have easy access to the new sinks, and use them daily for washing up after meals, art projects and outdoor activities.

New storage units in the washroom are attractive and practical and have created much needed storage space. Toddlers change of clothing and other needs are now kept in an attractive and well organized manner.

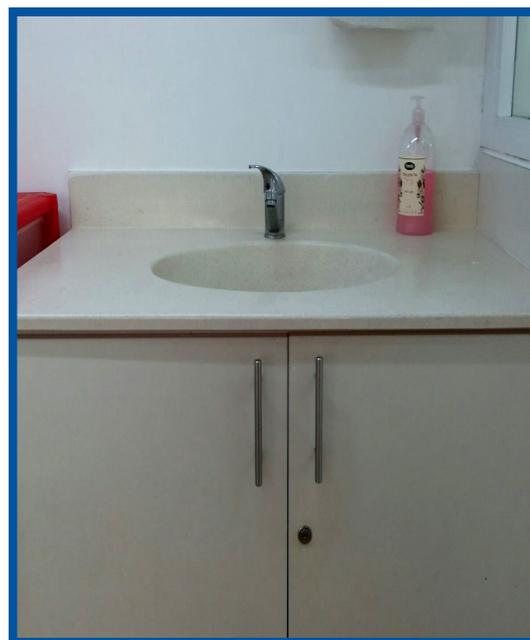

Renovations in the Nursery Classroom and Washroom

The recent renovations are a great improvement in the nursery classroom and adjoining washroom. The children in this class represent the oldest age group in the DCC. This new modern environment supports them in developing a greater sense of independence.

Children can now take pride in their beautiful home away from home environment at the WIZO Ken Hashalom Mary Bendet Foundation Day Care Centre in Beer Sheva.

Upgrades in the Baby Playground

The baby playground's old worn out rubber flooring has been replaced with soft and colourful synthetic grass, a surface which is now being used in Israel to ensure safe and hygienic conditions for outdoor play.

Many thanks to the Mary Bendet Foundation and WIZO Switzerland for your ongoing commitment to the children of Israel
