

Dear Alexander, Nirit and friends - shalom from Tel Aviv.

Thank you very much. Your help for our children is very appreciated by all of us. These days of Quarantine are very hard days in Israel especially during this holiday time.

Today I interviewed in Israeli IDF Radio - We publish 500 families survey – more than 70% of families with cancer sick children are needed for help. More than 50% OF our parents lost their jobs during 2020. Every month we help with 25,000\$ for food and basic Humanitarian help, and 25,000 \$ for medical help medications, Genomic DNA tests and more. Your donation is very needed and will help around 80 families of sick children during this long Quarantine time.

I am sending you a link to a special video we did for the new year with our children in Tel Aviv Medical center. This song written for them and they sing with a very famous Israeli singer called Nasrin....

These are fantastic news Alex!
Such an incredibly generous donation. Times are very challenging as you can imagine, and the added Covid-19 costs are no doubt burdening us further. This donation will be of great help!

We will of course report on the use of the funds and what was done specifically.

Warm Regards,
Tamar

Dear Alexander,

Wow !!!! such great news...
We are so moved by this mail the fact that MBF never stops to surprise us in a very good way. Bless you and the generous donor for the good things you do for those who need and for our children. Thank you, dear people!!!

We will send a report on the developments relating to Covid 19.

Yours with great appreciation,

Mariama

Dear Alex,

On behalf of all of us at Save a Child's Heart and the many children who will benefit from this wonderful donation via the equipment we are purchasing, please allow me to express our profound gratitude and heartfelt appreciation to you & Nirit, the Mary Bendet Foundation and of course the joint donor for this generous contribution towards the new Children's Hospital.

We are indeed in the midst of procurement and this wonderful news has come at a great time in helping our efforts.

Thank you, toda raba and Shana Tova!

Best regards,
Ido
